The second spring :Autumn

cause
only
re
are in
heavens, which
nation.
ative motions must
of the Constellations:
ake effect very slowly; and
ds of years longer the heroes
tology will keep their respective
eavens, and reign undisturbed beneath
lt.
ion of these star motions reveals the fact
sun is plunging with all his system (the Earth
ided) toward the Constellation of Hercules. W
e changing our position every moment: in an
we shall be 70,000 kilometers (43,500 miles)
